Concerning the Instructor

Great instructor Prof. Datta both knows and presents material well. Also fair in marking and tests and assignments. Overall one of the best instructors in CSB department.

The professor is extremely helpful (maintaining every office hours and always willing to talk). He comes to class prepared and offers very organized lecture slides to study from. He helps keep the challenge in the course but is willing to help students that find the course too demanding.

The professor is absolutely fabulous. He makes a continuous effort to help the students with any misunderstandings. He is extremely accessible in terms of office hours and email so it is very encouraging for students.

Great teacher; cares about students. Gives little time for assignments, however. Overall, wonderful instructor!

Seems very concern with students level of understanding & takes the time to make sure everyone understands.

Great instructor, always available for help.

Very good, no complaints.
